

ENVIRONMENTAL POLICY

The Directors of The Kitchen Equipment Co. Limited are fully aware of their duty of care for the environment, and shall promote environmental awareness within the Company's operations.

The Company intends to reduce harmful and nuisance emissions to:-

AIR by:

- Maintaining equipment in good repair at all times
- Purchasing or hiring equipment where reasonably practicable, which does not produce harmful or noxious fumes
- Avoiding the use of any paint or sealant, which contains high levels of Volatile Organic Compounds

Contaminating **LAND** by:

- Maintaining equipment to prevent leakage
- Providing safe storage of all fluids so that leaks are contained
- Providing suitable and sufficient absorbent material to absorb any uncontained leakage

Contaminating **WATERCOURSES** by

- Ensuring no waste substances are poured down any drain
- Sealing waste liquids and substances before disposal

Promoting **RECYCLING** by:

- Ensuring, as far as possible, that all waste materials are segregated when disposed
- Taking waste materials to recognised recycling centres where possible

The Company shall adopt the principle of **BATNEEC** (Best Available Technique Not Entailing Excessive Cost) in all its operations where harm to the environment is a foreseeable risk.
