

Vector® F Series Multi-Cook Oven

CE Certified

ALTO-SHAAM

Imagine the flexibility to control temperature, fan speed and time in multiple, independent oven chambers. One Vector Multi-Cook oven can replace two traditional ovens.

The Vector oven is a revolution in cooking technology, featuring exclusive Structured Air Technology® that delivers high-velocity, focused heat for faster more even cooking than traditional ovens. Save time without watching and rotating pans. Cook what you want, when you want it.

Unmatched flexibility to simultaneously cook a variety of foods with no flavor transfer in three or four oven chambers

Control temperature, fan speed and time in each individual oven chamber

Superior cooking evenness and food quality delivered by Structured Air Technology

Combined chamber capability allows operators to cook taller food items and use the optional temperature probe

Cook up to 2X more food than a traditional oven

Labor savings with a simple operation

Made in the USA with a commitment to quality
