- * 2 Dispense Heights
- * Electronic Sensor
- * 500 Dose Capacity
- * 600ml Gel Capacity
- * CE Certified
- * Uses AA Batteries
- * Electric Plug Option
- * Adults Or Children

Electronic Sanitising Post & Dispenser (Alcohol Gel)

CED electronic sanitising post & alcohol gel dispenser is hands free and specially designed to help maintain a hygienic environment that allows you to combine safety and practicality at low cost. Public Health England advise that using a sanitising gel with an alcohol content of 60% and above, is effective at killing corona virus.

Economic. This free-standing steel post and electronic sanitising gel dispenser can be placed in several locations for efficiency and security, to encourage PPB (personal protective behaviour).

Easy To Use. By placing your hands underneath the electronic dispenser, the infra red detection cell discharges a measured dose of sanitising gel. The dispenser is simple to refill too.

The electronic dispenser can be fitted to the sanitising post in one of two dispensing heights to suit use by either adults 996mm (h) or children 796mm (h).

The sanitiser post features a large dispensing capacity of approx. 500 doses. The slotted window in the electronic dispenser provides easy monitoring of gel level.

Practical. You can easily install or relocate the sanitising post and electronic dispenser in many locations as there is no electrical connection.

The dispenser uses (4 x) AA batteries – not included.

There is also an option for a UK adaptor plug with 2m electrical lead (Option Code ESPDP).

Eye Catching. With its stylish function, the sanitising post and electronic dispenser can be strategically placed in multiple locations where hygiene is to be maintained..at the entrance to your establishment, reception desks, offices, changing rooms etc.

Suitable For Adults & Children. The dual height sanitising post is ideal for helping control hygiene in schools too. Setting the dispenser at the lower height position, the children's version makes it easy to instill the importance of hygiene in collective environments.

With a usable 796mm dispensing height for children, the sanitising post and auto – dispenser can be positioned in a host of strategic locations like dining halls, classrooms and wherever children congregate.
